Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from *Later Recitations in Verse: Serious and Humorous* These later recitations, containing selections from the poems of several recent writers, and a few additional pieces, may be used as a supplement to my *Reciter's Treasury of Verse*, in the original preface to which I expressed regret at being unable to include examples of Mr. Algernon C. Swinburne's genius. Since then, however, Mr. Swinburne has most kindly given me permission to reprint three of his poems, which accordingly are embodied in this book. My thanks and those of the Publishers are also due to Mr. George Meredith, Mr. Watts-Dunton, Sir Arthur Conan Doyle, Sir W. S. Gilbert, Mr. Alfred Noyes and many other writers, for permission generously accorded. I have also included several additional classical poems particularly suitable for elocutionary study, and I confidently trust that equally with the parent volume, which has met with such wide success, this present collection will prove of use and of interest to reciters and to teachers and their pupils. My own and the Publishers' apologies are here tendered if any infringement of copyright has inadvertently occurred, despite our best efforts to the contrary.
