ACCESS DATABASE DESIGN AND PROGRAMMING (THIRD EDITION)

Shroff Publishers/O`Reilly, 2002. Softcover. Condition: New. 3rd edition. Access Database Design & Programming takes you behind the details of the Access interface, focusing on the general knowledge necessary for Access power users or developers to create effective database applications. When using software products with graphical interfaces, we frequently focus so much on the interface that we forget about the general concepts that allow us to understand and use the software effectively. In particular, this book focuses on three areas: Database...
