

## Planet Earth: A Beginner s Guide (Paperback)

Filesize: 3.21 MB

### **Reviews**

*This publication might be well worth a read, and much better than other. It really is simplified but excitement inside the 50 % of the book. You will not feel monotony at whenever you want of the time (that's what catalogues are for concerning when you check with me).*

## PLANET EARTH: A BEGINNER'S GUIDE (PAPERBACK)

Oneworld Publications, United Kingdom, 2012. Paperback. Condition: New. Language: English . Brand New Book. The result, Planet Earth: A Beginner's Guide, is an expedition into the origins, evolution, and workings of our home planet in which John Gribbin does what he does best: takes 4.5 billion years of geological history and digs out the essential bits, from the physics of Newton and the geology of Wegener to the environmentalism of Lovelock. Along the journey, he uses stories from history and more current events to bring the science to a human level. Gribbin's introductory guidebook - very much a first step into geology and geography for the uninitiated - is filled with his lively voice and unique view, as he takes on the subject of the Earth from an astronomer's perspective.
