

The Theocons: Secular America Under Siege (Hardback)

Filesize: 6.94 MB

Reviews

This book will never be easy to start on looking at but quite entertaining to read. It is actually packed with wisdom and knowledge It is extremely difficult to leave it before concluding, once you begin to read the book.
(Ms. Missouri Satterfield DVM)

Doubleday Books, United States, 2006. Hardback. Book Condition: New. annotated edition. 234 x 160 mm. Language: English . Brand New Book. George W. Bush has gone out of his way to blur the line between religion and politics in America?this is acknowledged by his strongest supporters no less than by his most strident critics. The most common explanation of the president?s religious agenda points to rise of evangelical Protestantism. Yet as Damon Linker demonstrates in his groundbreaking book, an exclusive focus on the role of evangelicals misses the heart of the story. At its core, the Bush administration?s overt religiosity represents the triumph of an ideological movement that for the past several decades has devoted itself to fashioning a theocratic governing philosophy for the United States?a governing philosophy rooted in Roman Catholicism. Led by Father Richard John Neuhaus, this group of ?theoconservatives? has actively sought to roll back the division of church and state in American life. The election of 2000 brought the theocons to the peak of political power and influence in Washington. Their ideas inspire the most controversial and divisive policies of the Bush administration?policies whose ultimate goal is nothing less than the end of secular politics in America.
