University of Pennsylvania Press, United States, 2000. Hardback. Book Condition: New. 244 x 165 mm. Language: English . Brand New Book. Cited as one of the Best Books of 2000 by Library Journal In the early years of the Republic, America was a land filled with uncharted flora and fauna, a treasure-trove for every naturalist in the world. One such naturalist was Charles-Lucien Bonaparte, Prince of Musignano and Canino, nephew of the Emperor Napoleon. Called the father of American descriptive ornithology, Charles-Lucien was the author of the monumental American Ornithology: or, The Natural History of Birds Inhabiting the United States not given by Wilson. Born in 1803 to Lucien, a younger brother of Napoleon, Charles spent his early childhood in Rome, where his father, an ardent republican and opponent of the Empire, had sought papal protection. In 1810, at the height of the Napoleonic Wars, the family left Italy with the intent of emigrating to the United States; instead, they were apprehended by the British off Sardinia and taken to England, where for four years they lived publicly as celebrated captives. Charles was privately tutored, learning English and concentrating on his favorite subject, natural history. With his wife-and first cousin-Zenaide, Charles joined his uncle Joseph in exile in Bordentown, New Jersey, in 1822. Stroud recreates the lives of these not quite Americanized Bonapartes in splendid and startling detail. Point Breeze, Joseph s estate, encompassed 1700 acres dotted with formal French gardens and a large artificial lake stocked with imported European swans. Here Charles hunted and studied birds, and encountered such purely American animals as the skunk and the rattlesnake. It was here, too, that American Ornithology took shape, and that he first collaborated with the still-unknown John James Audubon. When Charles left America in 1828, he traveled to Italy and...
